

Bromley Cycle Shelter With Gates

When you are on a tight budget but you cannot compromise on quality, coverage or security, the Bromley Cycle Shelter with Gates is the ideal solution. The Gated Bromley provides secure parking for 10 cycles, and can be available with an integral bike rack.

Available as a standalone shelter or extendable by 4 metre units to suit your requirements, the gates are constructed from box section steel and 15mm steel infill bars, whilst the steel frame is hot dipped galvanised to BS EN ISO 1461, can be powder coated, and clad with 10 year UV stable PETG sheeting. PETG end panels are also available.

It's now available in grade 304 stainless steel or 316 stainless steel for more aggressive environments such as industrial or coastal areas, with a brushed satin finish. All our Shelters can be manufactured to be BREEAM compliant.

Guide Price: £2,450.00

L: 4100mm x H: 2100mm x Roof Coverage: 2210mm
