

## Budget Aluminium Cycle Shelter

If you're looking for a great, economical cycle shelter then this Budget Aluminium product from Bailey Streetscene is one of the most value-for-money cycle storage products available. With a frame structure made from anodised aluminium, with 50mm tubular uprights, and assembly with cast aluminium connectors, locked in place with self-tapping screws - this is an excellent choice for those wanting practicality on a budget.

It features translucent anti UV polycarbonate cladding to roof, rear and side panels, and matching extension units are available to increase capacity to 10, 15, 20 cycle racks. Installation assembly is quick and easy by one person. Roof and cladding sections are to be attached to the supporting structure through clips and rails.

Delivered pre-assembled in suitable packing. Self-stabilised structure. Ground anchoring not supplied.
