

Modular Decorative 6 Space Cycle Stand

The Modular Decorative 6 Space Cycle Stand secures all types of bicycles including mountain bikes, making it a great space-saver for organisations which need to cater for cycle storage. Galvanised and powder coated finish, and available in all our RAL colours, this comes in a choice of 4 top caps. Base plates and anchoring rods are supplied, and the Modular Decorative 6 Space Cycle Stand also comes available in a double-sided version too.

By installing cycle stands, you offer the necessary facilities so people can make use of a cost-effective method of transportation and it also encourages people to get outdoors during good weather and to make use of public spaces. That's why this cycle stand is such a great, hard-wearing option.

Extendable by 6 space modules.
