

## Bradford Recycling Bin

Our new Bradford Recycling Bin's main body comes in grade 304 or 316 stainless steel for more aggressive environments such as industrial or coastal areas. It's also massively popular in densely populated areas such as outdoor shops and shopping centres.

It comes in a brushed satin finish, has a 90 Litre galvanised liner, and comes with an anti-tamper security lock making it a really effective and attractive solution to your outdoor litter disposal problems.
