

Brushed Satin Bands Stainless Steel Bollard

Another from the extensive range of Bailey Streetscene products that are superb for ensuring that the edge of a structure, car park or space is easily and properly identified, or for separating areas.

With a main body grade 304 stainless steel, or in grade 316 for more aggressive environments such as industrial or coastal areas, this flat top, root fixed bollard comes in a bright polished finish with two brush satin bands. A surface mounted version is also available should you require it. A contemporary-looking bollard that will look great in many different outdoor spaces.

H: 1200mm x Dia: 101mm
