

Mitred Top Stainless Steel Bollard

This is a stainless steel bollard offering a clean and contemporary look that adds style to any landscape. The Mitred Top Stainless Steel Bollard comes with a main body of grade 304 stainless steel, with the option of grade 316 for more aggressive environments such as industrial or coastal areas.

With a brushed satin finish complete with a mitred top, this comes as root fixed, but with the possibility of being surface mounted if you so wish. Flexibility comes through this bollard being available in other sizes.

H: 1200mm x Dia: 101mm
