

Timber & Steel Litter Bin

The surface mounted Timber & Steel Litter Bin is manufactured from carefully selected and graded hardwood or softwood timbers. As all timber is sourced entirely from commercially-managed, recognised and sustainable resources, you're not only creating a great, suitably resourced outdoor environment for your own space, but you're helping other environments too.

An annual single coat of varnish or stain is recommended to maintain the quality, whilst all steel work is galvanised to British Standard BS EN ISO 1461, making this a really popular Bailey Streetscene product.

L: 530mm x D: 530mm x H: 740mm

Materials, Finishes & Options

Steel
