

St Marks Pergola

The St Marks Pergola features a robust and refined design with consistent lines to filter direct sunlight providing an ambient environment for an array of uses such as social hangout areas in a variety of settings from residential roof terraces and urban spaces.

The structure as standard is available in hand finished Sapele hardwood with a galvanised and powder coated steel frame.

Coordinated accessories such as seating, tables and ashtrays can be integrated seamlessly into the structure to maximise its potential.

The structure can be adapted to suit other uses such as enclosed cycle parking and bin storage.
