

NEW & IMPROVED

Porous paving system for grass
and ground reinforcement

BODPAVE™ 40

New and Improved interlocking porous plastic paving system for grass and ground reinforcement applications. Manufactured from 100% recycled plastic.

Terram.com

New & Improved Design

The new and improved Bodpave™ 40 is an interlocking plastic porous paving system for grass and ground reinforcement. Designed for applications where there is regular pedestrian or vehicle use, made from 100% recycled plastics.

The improved design, based upon Bodpave™ 85, incorporates 4 pre-clipped pavers with **250% stronger connections**, that help **reduce installation time by 25%**.

The product is not only stronger, it is also better at transferring loads, reducing connection failures and lifting risks. All of this results in **improved durability**, ensuring less failures and a longer service life.

**100%
RECYCLED
& RECYCLABLE PLASTIC**

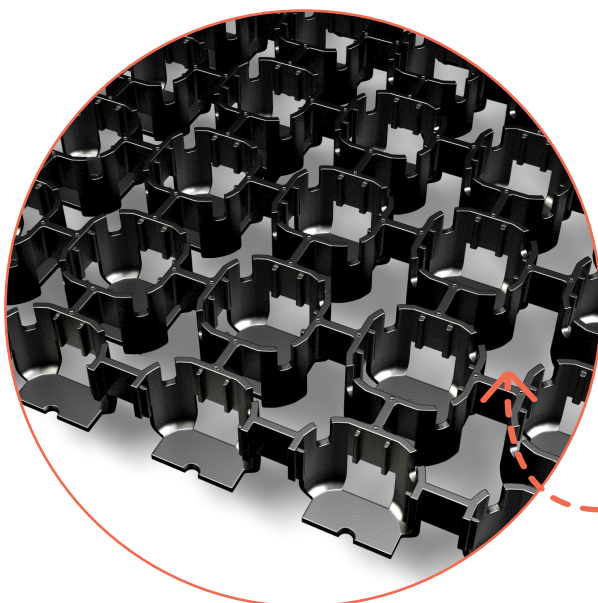

4 pre-clipped pavers with fully interlocking connections

- 24 ground spikes
- 36 overlapping loop and snap fit clips

Applications

- Car and light vehicle parks
- Overspill / overflow grass car parks
- Walkways, disabled access routes & golf buggy paths
- Driveways and residential lawn parking
- Sustainable Urban Drainage Solution (SUDS) – source control

The Complete Bodpave Solution

NEW Bodgrid™ Geocomposite

Bodgrid™ is our innovative 2-in-1 geocomposite, designed for use with Bodpave and Truckpave porous paving systems.

One layer of Bodgrid™ substitutes the need for separate geotextile & geogrid layers, helping reduce installation time and costs by 50%.

Bodgrid™ consists of a stiff biaxial soil stabilising geogrid thermally bonded to a nonwoven needle punched geotextile filter/seperator. It helps reduce sub-base thickness and extends design life.

Bodpave Solutions Product Guide

TERRAM Prt. No.	Product Name	Colour	Size	Coverage	Weight (Nominal)	Quantity/Pack
151516	Bodpave™ 40	Black	500mm x 500mm x 40mm*	4 units/SQM	4.4kg/SQM	60SQM (240 units)
113804	Bodpave™ 40	Green**	500mm x 500mm x 40mm*	4 units/SQM	4.4kg/SQM	60SQM (240 units)
123759	BP40 Markers	White	48mm diameter x 32mm deep	n/a	1.5kg/box	100 pieces/box
172641	Bodgrid™ GC30	n/a	4.8m x 50m	n/a	96kg	1 Roll
-	Bodgrid™ GC30	n/a	4.8m x 50m	n/a	875kg	Frame (9 rolls)

*Plus 20mm ground spike

**Bodpave 40 Green is a made to order product. Please enquire for pricing and lead times.

ORIGINAL & THE BEST

Terram provides a unique range of value engineered solutions that are extensively used in civil engineering and building.
