Calypso Chimes

Calypso Chimes are a popular choice due to their durability, beautiful finish, and the clear lively tone they produce with a lasting, resonant sustain. These anodized aluminum rainbow-colored chimes are individually mounted to a stainless-steel post which can be installed into the ground, fixed to the surface (with a surface plate) or installed with an extended footer.

The anodized aluminum polished finish will not chip, flake or peel and is UV stable.

Each post comes complete with a 'mallet minder' to hold the mallet securely in place when not in use.

Product highlights;

- Small & Compact - great for little hands
- Beaters help develop hand strength and dexterity
- Clear lively tones
- Suitable for Inclusive Play Settings
- Perfect for sensory play settings
- Colorful design, easy fixing

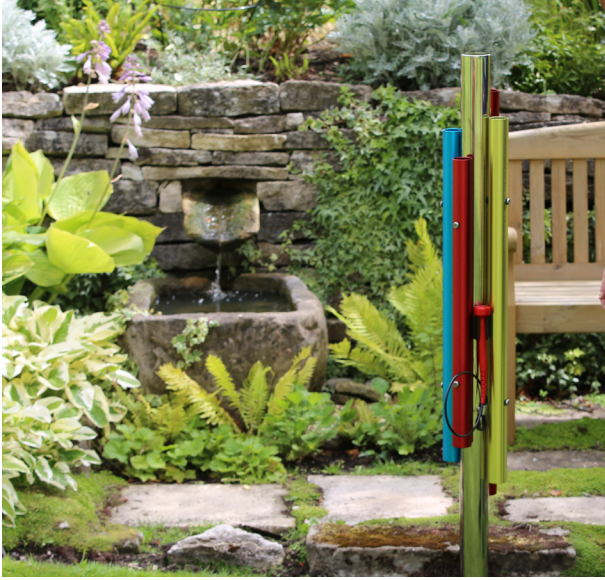

To help you create the sonic soundscape of your choice, the Calypso Chimes are available in the following arrangements within the C Major scale:

- Set of 4 (C, E, G, C)
- Pentatonic set of 6 notes (C4-C5)
- Diatonic set of 8 notes (C4-C5)
- You can also purchase them as individual 'solo' chimes.

Made to order in 2-4 weeks.

Calypso Quatro Post

(C4, E4, G4, C5)

The eye-catching Quatro Post is suited to any number of outdoor settings from kindergartens and play areas to sensory or therapy gardens. Four attractive anodized aluminum rainbow-colored chimes attached to a single stainless-steel post. Each of the four notes produces a clear lively tone with a lasting, resonant sustain.

Like the Calypso Chimes it has an anodized aluminum finish and a pair of 'mallet minders' to hold the mallets ready for use.
