

Bunded Tanks

Our Bunded Tanks are available in 13 sizes ranging from 400 litres up to 15000 litres and have been specially designed to control pollution with integral protection from leakage and overfilling. The customisation to a client's specific requirements is available upon request.

Closed Top Bunded Tanks

400 Litre to 4000 Litre

Endurataank's Bunded Tanks have been specifically designed with pollution control in mind. The outer tank contains a minimum 110% volume of the inner tank to protect from leakage and over filling. They are designed for the containment of liquids up to a Specific Gravity of 1.5 and assist users in conforming to relevant regulations.
