

Horizontal Static Tanks

Ideal for both rainwater and potable water storage. Our Horizontal Static Tanks, with their individually proven designs, are available to meet the widest possible range of uses in rainwater harvesting and management.

Popular uses include:

- Potable water storage (black tank only)
- Loft/header tanks
- Rainwater harvesting tanks
- Low profile tanks
- Sprayer tank
- Process water break tank
- Backwash tank
- Balance tank
- Effluent process tank
- Ph adjustment tank

Horizontal Static Tanks

500 Litre to 5000 Litre

Endurantank's Horizontal Static Tanks are designed for low profile water storage and are intended for use across all sectors.

Features

- WRAS approved, **black tank only**, supplied with a Bye-law 30 kit (Bye-law 60 in Scotland)
- Type AB Airgap can be fitted to all WRAS approved tanks as an optional extra
- 100% rust proof
