Salt tolerance	<div style="display: flex; gap: 5px;"><div style="width: 100%; height: 10px; background-color: #4CAF50;"></div><div style="width: 100%; height: 10px; background-color: #ccc;"></div></div>
Density	<div style="display: flex; gap: 5px;"><div style="width: 100%; height: 10px; background-color: #4CAF50;"></div><div style="width: 100%; height: 10px; background-color: #ccc;"></div></div>
Fineness	<div style="display: flex; gap: 5px;"><div style="width: 100%; height: 10px; background-color: #4CAF50;"></div><div style="width: 100%; height: 10px; background-color: #ccc;"></div></div>

sowing Rate:	25-35g/m ²
Oversowing:	10-20g/m ²
Mowing Height	Down to 4mm

- **Ideal for renovation of extremely heavily worn greens**
- Fast establishment
- High wear tolerance under extreme close mowing
- Excellent recovery
- Exceptional fineness of leaf
- High shoot density

GroMax treated, maximises seedling development
