and install bespoke
shelters that suit
your individual
needs...*

Brief: Upper Shirley High School in Hampshire contacted our sales team looking for a bespoke shelter for their existing cycle storage racks. Our site surveyor Richard Albone provided a Free Site Survey and after careful planning suggested two bespoke Winterbourne Shelters. The first shelter stretching some 14 metres in length and second measuring 9.5 metres. Upper Shirley were delighted with the suggestion and decided to place the order with NBB School Shelters.

Case Study Sturminster Marshall First School

Location: Dorset

Product: 1 x Bespoke Wall Attached Winterbourne Canopy

Size: (L) 9000 x (D) 3000 x (H) 2500mm

Colour: White RAL9003

Brief: Sturminster Marshall First School in Dorset contacted NBB School Shelters looking for additional outdoor space. Our site surveyor Richard Albone provided a Free Site Visit and recommended the Winterbourne Wall Attached Canopy.

Testimonial:

"Superb installation team. They were very accommodating, professional and friendly. The shelter is fantastic and will help us create the vision we have for the area. Thank you and we highly recommend NBB School Shelters for future projects"
Mr Andy Joyce, Head Teacher.

Case Study King John School

Location: Benfleet, Essex

Product: 1 x Kimmeridge Cycle Compound and 7 x Bloxworth Waiting Shelters

Compound Size: 7.5m long x 4.5m wide with secure gate on one side

Umbrella Size: 2.3m (H) x 5m (W)

Colour: Green RAL6026

Brief: King John School in Benfleet firstly contacted us looking for 3 shelters for their playground so they could provide seating and eating areas.

Surveyor Richard Albone went out to visit the school and suggested our Bloxworth Waiting Shelters. These unique umbrella style shelters with table and seating were the perfect solution for the school to be able to provide outside seating and eating areas for their pupils,

A few months down the line, King John School contacted us again for a further 4 Bloxworth Shelters!

A little later in the year, King John contacted us again for a secure Cycle Compound. Our brand new Kimmeridge Cycle Compound was the perfect shelter for the job.

Not only do they have secure cycle parking, they can now accommodate up to 40 cycles in one place!

Testimonial:

"King John are very happy with the overall service and products. The pupils love the shelters."

Case Study

Old Park Primary School

Location: Wednesbury, West Midlands

Product: Bespoke Winterbourne Enclosed Walkway and Winterbourne Entrance Shelter

Size: L3500 x W2400 x H2400mm (Walkway)
L1440 x W3000 x H3100mm (Entrance Shelter)

Colour: Red, RAL3020

Brief: Old Park Primary School contacted us looking for us to provide an amicable design to accentuate the entrance of their school incorporating their School logo and colours. They also requested for us to design a similar solution but for the Pupil's entrance, with the aim to differentiate the two entrances and stem the flow of traffic from the main entrance. Our Site Surveyor Andrew Bullock met them on site and it was decided our Kingston Freestanding Walkway and Entrance Shelter would be the best designs for them.

Rating:

Q. Were you happy with the products you ordered?

A. "Very happy"

Q. Were you satisfied with the installation?

A. "Very impressed with the service provided by the installation team"

Q: Would you use NBB School Shelters again?

A. "Definitely"

Case Study Poole High School, Dorset

**RECENT
INSTALLATION**

Location: Poole, Dorset

Product: Bespoke Freestanding Winterbourne Walkway

Size: (L) 21300mm x (D) 5000mm x (H) 2890mm

Colour: Silver RAL9006

Brief: Poole High School is a school which has been built around traditional values. Located within a stone throw of our own factory they recently asked NBB to come up with a **Bespoke Freestanding Winterbourne Walkway** to create an additional dining area for their students. They decided NBB School Shelters was their only choice – Ian Byrne, Site Manager commented 'From the initial site visit to the finished installation, I have been very impressed with the overall service provided by NBB' he added, 'The shelter has proved very popular and is used every day by all of the students'.

NBB School Shelters has a fantastic range of shelters, canopies and walkways which can be manufactured specifically to your requirements. Whether it's a space between a classroom and building which needs to be covered or a dedicated covered area – NBB are the leaders in outdoor shelters, walkways and canopies for schools.

Location: Poole, Dorset

Product: 3 x Bespoke Freestanding and Wall Attached Winterbourne Shelters plus 100% Recycled Plastic Fencing

Size: (L) 9100mm x (D) 5000mm x (H) 2500mm, (L) 15800mm x (D) 5000mm x (H) 2500mm, (L) 25300mm x (D) 5000mm x (H) 2500mm

Colour: Blue RAL5002

Brief: Turlin Moor Primary School located in Poole, Dorset have recently had three bespoke Winterbourne Shelters installed. The shelters were gradually installed with agreement from the school and have provided valuable additional outdoor learning spaces for pupils and staff to enjoy.

During the project, Turlin Moor Primary School also approached NBB School Shelters looking for a fencing solution for the perimeter of the newly created learning spaces. We recommended our 100% Recycled Plastic Fencing, not only will it help the environment by avoiding unnecessary waste to the landfill, it's also 100% rot, splinter and corrosion proof!

Case Study Avonbourne College

Location: Bournemouth
Product: 3 x Bespoke Winterbourne Walkways
Size: 79 metres in total
Colour: Blue RAL5002

Brief: Avonbourne College in Bournemouth has recently joined with next door Harewood College and contacted us looking for a made to measure walkway to link the two schools. Our site surveyors visited the schools a number of times to discuss the various options and they decided our Winterbourne Walkway would be the perfect walkway for the job! Constructed from high quality sturdy steel and a strong polycarbonate roof, both schools are very happy with their new walkway and we too think it looks fantastic!

Testimonial:
"NBB worked closely with the academy to ensure the covered walkway fully met the needs of the new Sixth Form" - Bursar

Case Study

Kensington Community Primary School

Location: Liverpool

Product: Winterbourne Freestanding shelter

Size: (L) 15800 x (W) 5750 x (H) 2200mm

Colour: Silver

Brief: NBB School Shelters were recently approached by Kensington Community Primary School located in Liverpool for a covered block play and outdoor gymnastics area for their pupils. Our site surveying team went out to visit Site Manager, Don Roberts on a free no obligation site survey and carefully went through our product portfolio. Kensington Community Primary School decided to go for our bespoke all weather Winterbourne Freestanding shelter range and Mr Roberts comments, **'NBB were most helpful in advising and ultimately designing which shelter would best suit our needs.'** NBB School Shelters also prepared and installed a versatile soft play surfacing area for the gymnastics area and have provided the school with post protectors to ensure complete safety.

Mr Roberts went on to add that the overall service offered by NBB was excellent and that the project was constructed and finished on time. All of NBB's staff were polite and courteous and above all, did not disrupt the running of a busy school environment. We can't wait to recommend NBB School Shelters to the wider school community.

We can design, manufacture and install any size shelter, canopy or shelter...
