

Austen

The Austen Bench and Planter is a trapezoidal Ultra High-Performance Concrete (UHPC) element. With its neatly tessellating flared shape, it can be configured in a variety of layouts, as a combination of planters or timber seats. Can also be fitted with LED underneath lighting (Upon request with extra charge). Available as free standing with pedestals or installation with threaded bars.

Dimensions

H: 460mm
W: 1150mm
D: 715mm
