

Parc Vue Bench

The landmark collection was inspired by familiar themes in historic design, architecture and nature. Designer John Rizzi took his inspiration from traditional cast iron furniture and asymmetric patterns in nature. It is a sculptural form that Rizzi notes has "traditional roots and its own dynamic presence". The Parc Vue Bench achieves a delicate balance between the strength and lively gesture of its frame and the perceived lightness and linear order of its slatted seat.

Specification:

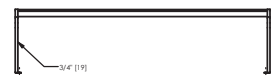

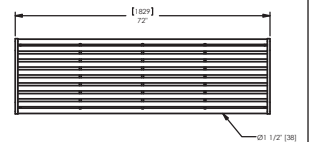

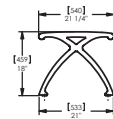

Materials:
Steel

Finish:
Pangard II powdercoated.

Fixings:
Free standing. Surface mount.

Dimensions

H: 459mm
W: 1830mm
D: 540mm
