

Hopop 500

A functional bollard for sitting or jumping. Ideal for green spots and playgrounds. Perfect for playing or to just take an informal break. Also suited for use as a mobile seating bollard in indoor settings in a variety of applications.

The HopOp 500 has a textured/granulated surface due to abrasive blasting of the mould. This process enhances the friction and makes the surface comfortable and safe to use.

The material is suitable for recycling.

Specification:

Materials:

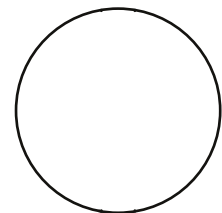

Rotation moulded polyethylene

Fixing:

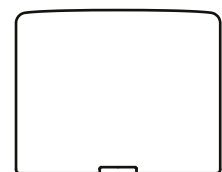

For surface and subsurface mounting. HopOp500 can also be filled with sand or water and placed directly on the ground.

Dimensions

Dia: 500mm
