

Torres Wall Mount Light

Torres lights are a beautiful complement to urban landscapes, plus traditional and contemporary architecture, improving, but not altering, the composition. The advanced LED array and optic design provides directed warm white light with superior visibility to extend the safe use of outdoor spaces. Torres lights are manufactured from cast aluminium and offered in a full colour palette finished with Landscape Forms proprietary Pangard II HAPS, VOC, and lead-free polyester powdercoat.

Specification:

Materials:

Post - cast aluminium

Dimensions

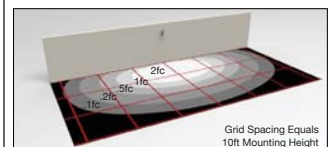

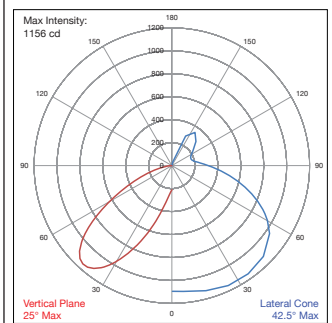

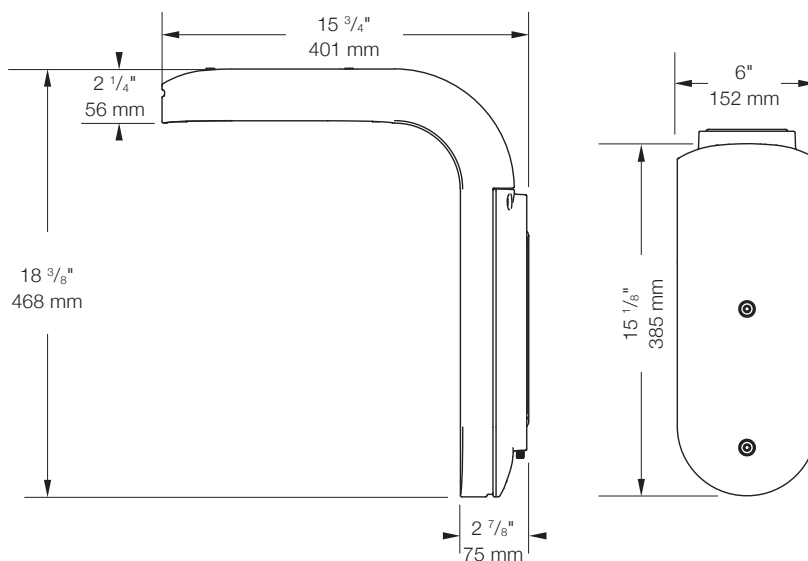

H: 468mm
