

Scarborough Seat

Designed for the urban landscape, the Scarborough seat is street smart, yet sophisticated. Lighthearted, but a true heavyweight in its class. The seat scribes a controlled curve on its seat and back, then tempers restraint with the exuberant gesture of its arm. The horizontal strap seat is clean and simple. The woven seat suggests the familiar strapping fabric of patio furniture. The backless Scarborough bench can be used from either side and is ideal for narrow spaces. Litter receptacles with strap or square bar vertical panels are nicely scaled to the bench and the human form.

Specification:

Materials:
Powder Coated Steel.

Finish:
Pangard II powder coated

Fixings:
Free standing. Surface mount.

Dimensions

H: 856mm
W: 1232 - 2440mm
D: 690mm
