

## Sit Seat

The 35 Collection is the next generation of outdoor furniture for the way we live, work, learn and play. The Sit Seat has arms that open wide in a gesture of welcome, inviting users to feel at home. The Sit seat creates a sofa-like corner for a sense of enclosure. Sit Seat is beautiful in its simplicity. Light in appearance and extremely strong. Handsome three-dimensional aluminium castings provide visual interest as well as support. The perforated steel seat balances strength with transparency.
