

Isola Urbana

The Isola Urbana also referred to as the Urban Island, comprises of seating, table and planter configurations. The Benches are a basic 2100 x 750 mm construction of High Performance Concrete (HPC) modules or exotic/larch wood modules with powder coated steel supports. There is also a complementary wooden chaise-lounge with steel supports. Powder coated steel seat backs and armrests are also available. The planters are powder coated steel and are available in various heights. Integrated LED lighting is available upon request and all variations are pre-drilled for ground anchors.

Dimensions

H: 420 / 738 / 560 / 790mm
 W: 2100 / 2105mm
 D: 750 / 1500mm
