

Loop Table

Loop Table adds a new set of functions to the Loop Bench, creating a small, colourful bench and-table set. Ideal for schools, playgrounds and other urban recreational spaces.

The material is suitable for recycling.

Specification:

Materials:

Seat / Top - Rotation moulded polyethylene
 Frame - hot-dip galvanized steel

Fixing:

Table may be fixed via 3 different methods:

Free-standing single unit:

LOOP Bench and LOOP Table combined into a single unit connected by a 3-legged frame; can be filled with sand/water or can be mounted on the ground using brackets.

In-ground mounting:

LOOP Bench and LOOP Table as 2 separate units. Loop Table Ø80mm hot galvanized tubing buried to 300mm sub surface.

Surface mounting c/w flange:

LOOP bench and LOOP Table as 2 separate units. Loop Table for bracket-mounting onto solid surfaces.
