Benefits of our Fibreglass Range

- **5 Year manufacturers Warranty** - Giving you piece of mind
- **Frost protection** - Built to endure the cold winter months
- **UV protection** - Fully protected against colour fade from direct sunlight
- **Light weight** - Fibreglass is strong yet light weight enabling ease of positioning & great for use on roof terraces
- **Colour added during manufacturing** - Planter will keep its colour if knocked or scuffed
- **Application** - Ideal for both residential use & commercial use
- **Use versatility** - Can be supplied fully water proofed for internal use
- **Delivery** - Delivery is free of charge across the UK mainland

Bespoke Service

We can offer Fibreglass planters in almost any shape or size with our bespoke service.

Send over your requirements, and we will send you a quotation free of charge.

Our bespoke Fibreglass planters feature all the same benefits as our standard range, with the exception of the colour running through the material, however, we can offer these planters in any colour of your choice.

We can also add a number of effects to our bespoke Fibreglass planters such as;

- Glitter effects.
- Stone effects.
- Metal effects.
- Flecked effects.
- Ombre effects.

Buxus

- ▶ The Buxus model is a large, square, contemporary Fibreglass planter perfect for planting in gardens, public spaces and business premises. Additional reinforcement is added to the Fibreglass to enhance the quality of the planter, ensuring a long-lasting and non-corrosive container. A great addition to any indoor or out door space.
