www.taylormadeplanters.co.uk

One of the UK's leading planter specialists with a wide range of custom made containers to suit, no matter how big or small. Our professional craftsmen build each planter to meet your exact requirements in our Coventry based joinery shop.

With over 60 years combined experience we have made thousands of customers happy combining quality and affordability to deliver the perfect solution for both public and business customers.

We can also build your planters in any timber you require including Accoya which has an amazing life expectancy of 50years.

If you have a design which we do not currently manufacture, we can do our very best at matching your design.

All of our planters can be built to your requirements.
Any Shape, Any size, Any colour.

Blok Silverline

- ▶ **The Blok Silverline Planter** is made from 45mm x 95mm pressure treated Redwood Pine with a brushed stainless steel band to produce an ultra modern look for a heavy duty planter. In a natural finish, these outdoor planters are perfect for a town Centre or restaurant to create barriers and separate spaces. Banners can be attached to the sides of the planter to advertise your business. This wooden container has been painted in Sadolin Superdec Opaque Wood Protection in Satin Black.
