### About the Product

Frameless notice board covered in Camira Lucia fabric. Included in the range is a choice of unframed, framed and lockable boards and a fully blazemaster version. Boards can be banked together to form a large multi coloured display area. This board is supplied with wall fixing kit.

### About the Camira Lucia Fabric

The Camira Lucia fabric is fire rated to BS476 Part 7 Class 1, BS EN1021.

### Fire Rated Notice Boards

#### *European Standards Class B (Highest Rating)*

Class B fire resistant notice boards have been designed and tested to meet the latest European fire regulations EN13501-1:2007+A1:2009 Class B. These notice boards are suitable to be mounted in corridors, stairways, lobbies, escape routes and dead end corridors. Please note the European Class B replaces the British Standard Class O

#### *British Standards Class 1*

Class 1 fire resistant notice boards have been designed and tested to meet British Standard BS476 Part 7, Class 1. The boards have a fire resistant material covering/surface and are suitable for offices and classrooms where the risk of fire is minimal. If there is any risk of fire whatsoever then Class B is advised.

### Delivery

Delivery normally 7-10 working days. Please call if your order is urgent

### Other Products

Included in the range is a choice of unframed, framed and lockable boards and a fully blazemaster version

### Please Note:

Fabric colours shown on this web site are a digital representation only. Standard fabric colours can vary from roll to roll. If you have any concerns regarding one of the stock fabric colours, please call for a sample on 02476 010076.
