About the Product

The Polycolour Lockable Notice Board has an aluminium frame in silver and door glazed with 3mm PETG. Available in either a single or double door depending on the size selected. The board has a double key lock and anti-droop supporting plate. Supplied with easy fix corners & fixings. Suitable for indoor use only. Boards can be can banked together to form a large multi coloured display area. Supplied with wall fixing kit.

About Polycolour Board

The new polycolour notice boards are made from 100% PET plastic which depending on the colour, contain up to 90% post-consumer material. Polycolour FR noticeboards are fire resistant to Class B fire rated by the ASTM E84 test. Polycolour boards are acoustically absorbent panels (Noise Reduction Coefficient of 0.8) with a felt like finish. Polycolour FR are also recyclable in the PET waste stream.

Fire Ratings on Pin Boards

European Standards Class B (Highest Rating)

Class B fire resistant pin boards have been designed and tested to meet the latest European fire regulations EN13501-1:2007+A1:2009 Class B. These notice boards are suitable to be mounted in corridors, stairways, lobbies, escape routes and dead end corridors. Please note the European Class B replaces the British Standard Class O

British Standards Class 1

Class 1 fire resistant notice boards have been designed and tested to meet British Standard BS476 Part 7, Class 1. The boards have a fire resistant material covering/surface and are suitable for offices and classrooms where the risk of fire is minimal. If there is any risk of fire whatsoever then Class B is advised.

Glazing

Manufacture from flame inhibiting 3mm PETG.

Delivery

Delivery normally 7 working days.
