seating made better

cinema seating collection

Welcome

Since Ferco was founded in 1983, our desire to be clients' partner of choice has been at the forefront of our philosophy. It is reflected in our commitment to friendly, professional customer service and unwavering attention to detail.

In-house design and manufacture capability means we deliver design-led, world class cinema seats and enable us to set trends rather than follow them.

Our state of the art facility incorporates the latest technology and manufacturing methods with rigorous quality control.

Our designers are creative problem solvers - they arrive at seating solutions that best fit your cinema. We love to talk design. Aesthetics, solutions and functionality. This is our passion. It runs through our company.

We have a network of offices in central locations all over the world. Filled with knowledgeable and friendly people. So we're equipped to deliver any seating requirement - regardless of size or location. With clients in over 60 countries, we provide global reach with a personal touch.

Our dedicated regional sales teams understand local customs. They offer professional guidance and experience, and they're flexible - helping clients achieve their needs.

And we're most proud of our people. All of them live by the belief that nothing is impossible. They're here to inspire you. To help you create a cinema that in turn inspires and entertains your audiences.

Tim Barr CEO

Seating made better

Investment in luxury seating is being embraced by exhibitors around the world from the large multiplexes to the boutique operator.

Premium seating greatly enhances audience experience, resulting in increased client satisfaction and retention.

Cinemas are powerful spaces. People go to be entertained. To be carried away by stories. To lose themselves in the world on the screen.

The right space creates the ultimate audience experience. That is why we're so passionate about designing the seating that fills these spaces.

Looking at the big picture, we focus on the details of design. We love aesthetics but we're not just about design that looks great, we're about design with purpose.

Working with you to create a beautiful cinema space that delights your audience and increases customer loyalty.

Attention to detail, work ethic, expertise - you can see it in every one of our seats. This is the heart of our company.

Premium

Cinema is in a period of exciting change and fundamental to operator success is the ability to maximise revenues and retain customers.

With this in mind, Ferco has developed the Premium Collection.

Luxurious electric recliner seats which can be customised to suit the aspirations of individual cinema operators, including privacy booths, individual integrated tables and iPads to enable remote ordering of food and beverages.

The Ultimate. No less.

Verona

Discerning luxury

The Verona is a fully reclining cinema chair designed for the maximum in comfort and style.

Beautifully crafted and available as a single seater, a twin seat or a link-seat with shared armrests.

Two individual motors control the footrest and backrest separately, allowing any user to adjust their reclining position to precisely their own comfort level.

The Verona includes customisable options like a footrest sensor, so no hands or valuables get caught in moving parts.

The optional easy-lift system gently and effortlessly tips the seat forward to enable effective cleaning and maintenance. Underseat lighting provides a visual aid whilst doing so.

Other optional features include footrest and backrest auto return, integrated tables, lighting, integrated cupholders and USB charging point.

Verona zero wall

Saving space in every cinema

Specifically designed for cinemas where capacity and comfort are of equal importance.

Clever design enables the backrest to recline into the space created by moving the seat base forward simultaneously.

As there is no gap left behind the seat, the requirement for safety handrails is negated, resulting in lower capital expenditure and a more pleasing aesthetic.

The Verona zero wall saves space and ensures that you maintain audience capacity. Whilst also delivering the luxuriousness and feature options of the Premium Verona model.

A premium enclosure panel is an additional feature that creates a feeling of exclusivity and home from home ambience. Integrated lighting helps clients locate items and read menus.

Verona zero wall with premium enclosure

Verona lite

All the comfort. All the space

All the luxurious comfort of the Premium Verona without the space requirements.

The Verona Lite has a motorised backrest which will enable it to fit into many existing premium areas, improving audience capacity and reducing capital expenditure.

Available as a single, twin, or link seats with shared armrests.

Customisation and additional features mirror that of the Premium Verona.

Perfect for smaller cinema spaces.

twin seat

Turino

Cinematic art of comfort

An opulent, fully-reclining cinema chair in a classic, quintessentially British design.

With enhanced cushioning, the Turino is the ultimate in cinematic comfort and shares optional features with the Premium Verona.

This model is available as an individual, or twin seats with the option of a pedestal table.

The perfect choice for state of the art home theatres and top shelf boutique cinemas.

fully reclining

Milano

The Italian job

Like the city it was named after, the Milano is all about style.

It can be a fixed seat or with electric controls for operating the footrest and / or backrest.

Easy. Comfy. Stylish.

Available as a single, twin, or link seat. Milano comes with a range of options and additional features.

Perfect for any cinema venue.

twin seat

Glide Plus

A gentle glide back

A sleek and streamlined aesthetic for modern cinemas.

The premium glide seat option has an economical reclining solution that operates without electric motors and controls.

As you lean back it intuitively glides into a reclined position.

Featuring an innovative sliding design that allows for a superior seating position, simple operation and exceptional comfort.
