

GRANT WESTFIELD

TRANSFORMING SPACES SINCE 1881

L'Oréal (UK) Ltd

Project Value: £200k

Architect: Bilfinger Europa

Contractor: Bilfinger Europa

Products: Façade Flush cubicles; Clipclad Modular ducts with integral WC supports;

Overview

This project was an upgrade to the existing L'Oréal UK eight storey head office and L'Oréal Academy building where each floor serves a separate division of L'Oréal.

Façade Flush

- Our executive range of cubicles
- Huge choice of layout and finishes
- Minimalist design with clean lines

Clipclad

- Award-winning accessible wall panelling
- Exceptional precision and easy mounting

Washwall

- A complete solution for the vanity area, including supporting structure
- Save time and money in specification, installation and operation
- Elements pre-assembled off-site in a controlled, factory environment
- Varied designs and dimensions tailored to different needs
- Easy, but discreet access to services
