agricultural fencing

M&M Timber's highly acclaimed Agricised range of **machine rounded** and **peeled timbers** feature a scientifically designed incising process for increased protection – a virtual 'zone of confidence' – at the critical area where the post is at most risk of decay. The agricised incisions allow deeper penetration of the wood preservative to provide more effective and consistent protection.

- ✓ 15 year anti-rot warranty* – no quibble replacement policy.
- ✓ Pressure treated using a Tanalith E preservative system that offers a greater level of protection
- ✓ Agricised pattern of incisions approved by the Building Research Establishment (BRE)
- ✓ Industry award of quality from the Wood Protection Association (WPA)
- ✓ Anti-twist four sided point

*Terms and conditions apply.

playground timber

PlayGuard timbers have long been the No. 1 choice for use in playground equipment, educational and other outdoor leisure applications.

Specifically designed using Radiata pine, which has inherent low-split properties and thereby minimises finger traps, PlayGuard timbers are sanded, kiln dried and pressure treated with Tanalith E preservative for durability and long service life. With a choice of standard or higher grade premium ranges and a 15 year* service life warranty, the PlayGuard timber range along with bespoke component machining services, offers specialist manufacturers of play and outdoor leisure equipment tremendous scope for imaginative custom made projects.

- ✓ Drilling and cutting
- ✓ Side scalloping
- ✓ Profile/slabbing
- ✓ Chamfers
- ✓ Counter boring
- ✓ Blind mortice including top scallop
- ✓ Crayon style top or domed
- ✓ Routing

*Terms and conditions apply.

landscaping timber

Unilog Pro timbers have been specified for some of the most prestigious and adventurous landscaping projects undertaken in the UK. Acknowledging the beauty of natural, machine rounded timber, specifiers have used Unilog Pro in landscape designs at theme parks, leisure parks and all manner of local authority projects.

M&M Timber's Unilog Pro landscaping range is the recognised and trusted building material for a diverse list of landscaping applications, including:

- ✓ Earth retaining walls
- ✓ Pathways, steps
- ✓ Palisading
- ✓ Ornate bridges
- ✓ Border edging
- ✓ Raised flower beds

Recommended for all commercial applications, Unilog Pro timbers are pressure treated in accordance with BS8417, using Tanalith E preservative and are available with a choice of desired service life warranty of 15 years or 30 years*.

*Terms and conditions apply.

garden centre staging

Offering a huge range of timber plant displays – standard or bespoke.

The standard range of display tables and structures are robustly constructed using pressure treated softwood for strength and durability, making them the perfect solution for both interior and external use.

For customers looking for a more individual approach, M&M Timber also offers a bespoke design service and will even carry out in-house installation if required. Individual display units can be custom made to order in any configuration and finished in a wide choice of colours and finishes.

Display units are ideal for:

- ✓ Plant area displays
- ✓ General display benches
- ✓ Tree displays
- ✓ Tiered benches and tables
- ✓ Trellis panels and dividers
- ✓ Promotional displays
- ✓ Hanging basket display systems
- ✓ Bedding benches
- ✓ Back panels
