

## Welcome...

...to the 2nd CPS Bulletin for 2014. Now well into our 48th year of trading CPS is continuing to build on a lifetime of experience in the design, manufacture and installation of seating and staging solutions. However as CPS approach the 50 mark the company is showing no signs of slowing with the launch of new innovative products such as the Inova Interactive Seating which continue to define market trends. Whatever the project, whatever the size and no matter how complicated, CPS are able and willing to provide the solution. We look forward to hearing from you!

## Prestigious CPS Staging in Exeter Cathedral

The famous Cathedral was requiring a prestigious staging system that would blend in with existing furniture and the ecclesiastical setting.

While aesthetics were highly important the client was also looking for a system with the assurance of a virtually maintenance free life. The Cathedral obtained the help and experience of CPS to create a demountable staging system with a polished solid oak surface and

oak veneered fascia's resulting in a real 'statement-piece' of furniture complete with a Lifetime Warranty. The Alu Rapid System used, was adapted to hold a bespoke alter, while a single staging deck also in an oak finish was used to provide a platform for a lectern.

## CPS Launch Inova Interactive Seating Brochure

CPS have just launched their first Interactive Seating brochure which showcases and demonstrates the uses and ability of the Inova Interactive Seating. Interactive Seating is gaining popularity in lecture theatres across the UK and further afield and is also used in I.T Suites and Corridor Work Stations offering greater interactivity allowing students to lean from

one another. The system also gains favour with the Fire Officers as the chair always returns to a closed position never leaving chairs straying into the Corridor. Interactive seating is used in many other applications such as, Offices, Libraries, Canteens and much more for further information please call 01302 741888

# VIP Press Conference Profile

## The Asset chair has now successfully been installed to a number of VIP Press Conference Rooms.

Due to the reliability and durability of the Asset auditorium product, a number of stadiums are using the chair for their indoor VIP seating requirements. The Asset seating range is covered by our Lifetime Warranty and is certified to FIRA test level 4 Severe Category Use. Pictured is the impressive VIP conference room in the Emirates Stadium, the home of Arsenal FC.

## Alu Dano Demountable Dance Floor

The CPS Alu Dano is a professional dance floor system which shares much in common with our Alu Rapid staging. The product which is easy to assemble and compact to store can be set up on virtually any level floor providing a seamless, defect free dancing surface.

## Endura® Folding and Stacking Chairs

To complement our fixed seating and demountable staging the CPS Endura® range offers a multitude of loose seating solutions. Through an extensive global network of companies, CPS Manufacturing Co are associated with, virtually any conference, folding or stacking chair can be competitively sourced or manufactured and supplied.

## CPS Hire Division

The CPS Hire Department has a range of staging and seating solutions for all your event needs. Large stocks of Demountable staging and seating are held so you can create any size staging structure or tiered seating, allowing you to maximise the potential in your venue. For more information please visit our website. [www.cpsmanufacturingco.com/hire/introduction](http://www.cpsmanufacturingco.com/hire/introduction)

## Looking for a Complete Package?

The School in the pictured installation purchased a 'complete hall package'. CPS supplied a prestigious performance stage and curtain package which incorporated a timber surface and timber fascias. The School also required some durable, up-market timber stacking chairs which were also supplied by CPS as part of the package. CPS specialises in bespoke packages tailored to meet your exact requirements so please don't hesitate to ask for a no-obligation quotation and demonstration.

## CPS Achieve Achilles Supplier Status

CPS is pleased to announce the latest addition to our impressive list of accreditations. CPS is now a recognised Achilles supplier; in short it means you have the assurance of working with an entity that is compliant with strict international standards and has undergone a rigorous Achilles audit to review all aspects of the company.

## Connect with CPS

CPS is actively promoting products and services through a number of networking platforms. Keep in touch with CPS and find out the latest innovations in seating staging and more.

## Customer Feedback

*We are pleased to acknowledge your excellent performance for the supply and installation of tiering and fixed seating. We placed an order with you for 3 lecture theatres (1090 seats) in the sum of £504,000.00 and you successfully delivered the project on time. We enjoyed a close working relationship throughout the project and we would have no hesitation in working with you again in the future. I would be pleased to discuss your performance and positive approach to any future interested parties if they so wished to contact me.*
