

A bespoke range of beautiful steel planters made to order

Following the demand for traditional and natural looking steel planters, EverEdge offers a bespoke service to supply a planter made to size and material specification. The planters are delivered flat packed for easy self assembly.

Contact EverEdge for more details on our range of bespoke planters.

Our Planters:

- The planters are square, circular or rectangular
- Available in: Cor-Ten®, Mild "natural weathering & rusting" Steel, Galvanised or a Galvanised & Powder Coated finish.
- Made in either 2.5 - 4.0mm thickness
