

Hamilton Lighting Control

The Hamilton dimming pack gives simple and effective control of lighting and building systems. It also benefits from being one of the easiest systems to install and operate, allowing you to transform a space to suit any mood and is essential for creating the right atmosphere in all kinds of environments. The MDP4x600+3AR-e has the added bonus of wireless control. Simply connect the integrated Ethernet port to a wireless router to allow full control of the lighting system from the Hamilton® App via a smart device or tablet.

System Features

- Compatible with LED lamps
- Simple to program scene setting
- Extensive range of control interfaces available
- 4 to 24 Channels of dimming option as standard
- Expandable system beyond lighting control e.g audio, blinds, extractor fans
- 600W load capacity
