

### Play value

The caterpillar is a friendly play offer for small children. The harmonious appearance of the figure and the way in which it is possible to play from both sides offer a lively and pleasant basis for smaller playing spaces. The space partitions promote communicative play, but also make it possible to create borders and divisions of the play areas. This caterpillar type is equipped with a sun sail and an opportunity for role-playing games such as "kitchen". The latter can also be fitted with a water connection via a garden hose.

### Fundamental characteristics

- friendly appearance
- kitchen
- sun sail

### Suitable

- only for **supervised** small children's areas of:
  - public playgrounds
  - playgrounds situated near houses
  - kindergartens
  - children's homes
  - therapy institutions for children
  - camping sites
- nurseries

### Planning information

The angles of the opposing wall elements and their number can be freely selected to a great extent. Both spread-out as well as more compact floor plans can be constructed. By freely selecting and arranging the individual elements, it is possible to carry out planning according to your requirements. The elements can also be used as partitioning play units without caterpillar head and tail.

### Note

In the standard version, only the head and tail use colour in their design. The element installed in between is also available with a coloured trim at extra charge.

### Caterpillar type 03

5.00020

## Example of installation

scale 1:100

Safety check according to EN 1176

## Components

- 1 head with horns
- 1 element: kitchen
- 1 tail with bell
- 1 sun sail
- 4 posts

## Installation information

Surfacing requirements corresponding to a fall height of  $\leq 0.60$  m (please refer to price list for more detailed information)

## Foundations

- 4 items 50 x 50 x 40 cm excavation depth 60 cm
- 2 items 30 x 30 x 30 cm excavation depth 50 cm

## Attention:

**Exact measurements may vary, for all installation dimensions refer to current installation instructions.**

Technical changes reserved.

## Technical information

equipment of non-impregnated mountain larch

## core-free

sawn timbers, core-free, thus decreasing the occurrences of cracking

## plywood

wall elements made of waterproof plywood board, 30 mm

## Corocord® rope

### special ropes of "Hercules type"

horns of six-strand Corocord® rope of the special "Hercules type", abrasion-protected through heating of the six steel strands and melting the polyester or polyamide sleeve onto them, standard colour rainbow

## ground anchor

posts for bolt on, head and tail with foundation irons made of hot-dip galvanised steel

posts made of stainless steel, glass bead blasted

bell made of brass

## colour

colouring with solvent-free acrylic paints; the wood is processed in a way that allows the structure of the wood to remain clearly visible

## Sun Sail

diamond shaped, made of polyethersulfone, coated with acrylate on one side, high UV resistance, colour dark blue

## Kitchen

hotplates made of polyamide, sink made of stainless steel, rubber buffers as knobs, sill cock with self-closing valve, quick connector for garden hose

## Dimensions

(small deviations possible)

height	1.80 m
height of head	1.30 m
length of the element	
head	1.00 m
middle part	2.00 m
tail	1.00 m
weight	200 kg

For more detailed explanation of the quality characteristics see price list.
