Bringing imagination into play

2018/2019

# Bringing a world of imagination into play

## Our Promise...

"At Sovereign, we are focused on creating a stimulating play and learning environment for children of all ages and abilities.

Our pledge is to always offer a wide range of imaginative play equipment and facilities that ensure maximum play value whilst maintaining the highest level of safety."

Play is at the top of every child's agenda and no doubt creating a safe and durable environment to encourage this is at the top of every school and nursery's wish list. The process of choosing not only the right equipment but the right level of safety and suitability can seem daunting..

That's where you call us!

Engage with us from the very beginning of your process so that we can initially provide you with a free consultation – your own specialist in the provision of play, a member of the team with years of knowledge and understanding in order to advise you correctly on all the important aspects. We'll be with you throughout; from providing plans to meeting with you and even the children, right through to manufacturing, installation and full after sales care.

For two whole decades, we have built a reputation envied by many of our peers, no project is too big or too small you see; our focus is the same – to create a much loved outdoor environment not just for play but for learning too. A space that is stimulating and safe for everyone who uses it, a true opportunity to 'learn outside the classroom'

Call us and let the fun begin!

# Welcome to the 2018/2019 brochure

## What do the icons mean?

**Minimum space required**  
This symbol indicates the required area for the installation of the equipment

**Free height of fall**  
This symbol indicates the point at which the free height of fall is calculated

**Age**  
This signifies the intended age range for access to the play equipment shown

**Safer surfacing area**  
This symbol indicates the overall dimensions required for the installation of a safety surface

**Topsoil or turf surfacing OK**  
This symbol denotes whether the equipment is ideal for use on topsoil or well maintained grass surfacing

# Why choose Sovereign?

Sovereign has the know-how to create and install an imaginative, stimulating and safe outdoor play area. Our experience and expertise within the education sector is second to none, and this is why designing imaginative play and learning environments for children comes naturally to us.

An adolescent's journey into adulthood begins in the playground, and our products support this growth from the early years through to Key Stages 1-4. We understand the significance of outdoor learning and integrate this with what is important for children, to develop products that directly relate to, and enhance, the National Curriculum especially within the seven areas of learning.

Our compassion and empathy enables us to deliver a personal approach that has never failed to bring our customers the best results. Our educationally-savvy national sales force works closely with our innovative Research and Development department. This enhances our natural ability to advise, design and create environments that are richly resourced with play materials for children, which in turn results in us maximising play value, safety and customer satisfaction.

## A Sovereign installation can satisfy all the benefits regarded as important to outdoor learning by:

- encouraging healthy and active lifestyles through giving children the opportunity to engage in physical activity, movement and exercise
- increasing young people's confidence and well-being as well as developing their creativity and resourcefulness
- encouraging children to interact with one another, make new friends and develop social skills
- allowing children to experience new challenges, assess risks and manage difficult situations in a safe and supervised environment
- supporting the development of life skills such as problem solving, rule making, trial and error and exploring new ways of doing things
- promoting knowledge and a greater involvement in National Curriculum subjects such as Maths and English
- providing opportunities for imaginative role play, inventiveness and adventure
- giving children the opportunity to investigate, explore and discover the natural world

# ➤ The Importance of Linking Education and Play

05

ABOUT US

At Sovereign we have been delivering specialist bespoke outdoor play spaces for over 20 years and we know that a rich and varied environment is key to a child's learning and development. We know how to give children the confidence to explore and learn in a secure and safe, yet challenging outdoor space.

**An appropriate outdoor space that can be either:**

- a physical environment
- an imaginative space
- a key learning zone

Or one that includes all these areas. Which is where the help and support of our trained consultants with the core education knowledge and design know-how to create an imaginative, stimulating outdoor area gives you faith that Sovereign is the perfect partner for you.

**It is during our initial consultation where between us we establish what your primary objectives are for your space, are you looking for:**

- Somewhere the children can play all year round
- A space linked directly to the specific area of the curriculum
- Something that forms part of your school improvement plan
- Meeting the needs of children of different ages in a shared outdoor space
- To improve areas highlighted by Ofsted
- Increase the number of inclusive play opportunities in your outdoor area

**At Sovereign we are able to meet all of these objectives with our outstanding range of meticulously designed equipment by our own team of product designers before they are expertly crafted by us especially for you.**

We have a passionate understanding of the ongoing financial pressures facing schools and education and this is reflected in our pricing which is continuously monitored to make us competitively priced in the market resulting in maximum play value for you. It makes us proud that for so long we have been able to deliver outstanding outdoor environments to thousands of grateful customers.

# Testimonials

From Primary Schools to Parish Councils, Pre Schools to Parks, the projects undertaken have proved to be of great success. The testimonials just keep on coming, it is always good to hear exactly how the clients feel about their project.

## Camps Hill Community Primary School

"The Nursery and Preschool have recently moved into new premises and obtained funding that was to be used to develop its outdoor play provision. We chose Sovereign because they listened to what we wanted and provided us with a number of different options that were within our budget. We were impressed with their flexibility around installation... This, of course meant no disruption to our routine or provision.

The children are now becoming immersed in their imaginative play...We have been very pleased with the finished result which has provided our children with a variety of resources that encourages their development across all areas of learning.

The equipment offers opportunities for open ended play as well as the obvious physical and social play.'

**Sharon Birckbeck, Early Years Manager**

## Wells Cathedral Junior School

"Wells Cathedral Junior School have been thrilled with the new playground from staff, parents and especially the children. The service and installation of our new playground was outstanding. Neil understood the particular needs of our site, with the school being of historical significance, and it's surrounding environment. The planning team achieved this quickly and I was able to present the first initial plans quickly to the senior management. Neil was supportive throughout this process as we tweaked the plans to ensure we got it right for the children.

The installation team were brilliant installing everything within days, with comments being

made from our support staff with how hard they worked. I would have no hesitation to recommending Sovereign for future projects.

Thank you Neil and the team.

**Karl Gibson, Deputy Head**

## St Michael's C of E Combined School

"Working with Sovereign has been a brilliant experience. With a wealth of expertise to draw on, Justin and his team were able to understand the needs of the school and worked hard to ensure that we got everything on our wish list, within budget. Sovereign has transformed our school's outdoor space. They have planted equipment that encourages imaginative play and physical exertion. The children and parents are absolutely delighted with what has been bought with all their hard won fundraising. It will benefit children at this school for many years to come."

**Alison Edmondson, PTA**

## The William Henry Smith School

"The playground is fantastic – our students love it and play on it every day. The whole installation from start to finish was brilliant, we were kept informed and up to date with the dates and timings. The playground has improved the outdoor facilities for our students and improved the whole area where it has been installed.."

**Lisa King, Head of Support Services**

\*Terms and conditions apply. Ask for details

No matter how important you know the provision of play equipment to be, having no funds means no playground!

WE CAN HELP YOU! Here at Sovereign we have a proven track record in helping clients win grant applications or even help source finance options to ensure that today's children benefit from that all important playground and the right to play. Call us now and let the fun begin!

If you would prefer to maybe get the PTA or friends group involved, or look for funding yourselves call for a free copy of our comprehensive guide to funding, featuring help on how to fill in the applications forms and a full list of potential grant providers.

If the children are fundraising for their own equipment maybe, or the PTA need a little help along – call us to request your free fundraising poster to help cheer them along.

WHY MAKE THEM WAIT? Did you know that you can order your new equipment today and pay with our fantastic new Spread Payment Plan?

The biggest constraint of developing outdoor areas is budget, particularly, with the reduction in devolved formula capital. Our easy Spread Payment Plan allows you to order today and pay over three simple spread payments while your children benefit from addition years of enjoyment and physical development.

If you'd like more info or would like to request a free, no obligation quotation, please contact us on 01702 291129, and we can help make your dreams a reality!

For more ways to source funding and a full downloadable copy of our funding guide please visit:  
[www.sovereignplayequipment.co.uk](http://www.sovereignplayequipment.co.uk)

# Shade and Shelter

# Willow Structures

A Living Willow Structure can be a place to hide, play, shelter and learn. We offer a multitude of different designs to suit your available space and budget, ranging from a simple Roundhouse or Arbour to a full Teaching Circle complete with Den.

## DID YOU KNOW?

All our structures are supplied with a bark floor covering to provide all year round use.

The planting of the structures can only be carried out during the months of November through to March once the sap has stopped rising and there is no leaf on the willow. All of the Living Willow Structures come with their own maintenance leaflet, with workshops available.

# ➤ Case Study

## Springfield Community Special School

Springfield Community Special School is a co-educational primary school that caters for pupils with special needs, aged 3. Situated in pleasant and extensive grounds on the outskirts of Leek, the school has recently undergone a major development to its outdoor facilities for pupils.

**The resolution** - Teachers decided it was time to develop the school's external learning environment for the children. A plan was devised to incorporate motivating and enjoyable activities and equipment for all the pupils to use. The environment had to be visually enhanced and it was essential that the new facilities would promote play in a safe and secure environment, giving each child the opportunity to take risks safely.

"This has been a highly successful project. Sovereign has provided us with an excellent service, thus enabling us to provide our children with a wonderful new, exciting and stimulating play environment."

**Ruth Zimmerman, Headteacher**

## Creative, Sensory and Understanding

Packed with opportunities that will get children exploring, performing and experimenting with their senses, this range satisfies the thirst of even the most creative of young people.

**CREATIVE RANGE

# Log Train Set

Our Log Train Set is the most popular imaginative play item in this range. Let your children explore their imaginations through play, taking them into a fantasy world during break times. All timber is machine rounded and treated. It is heavy enough to be left freestanding but in most cases Sovereign would advise installation with our purpose made ground lugs.

## Wall Activity Panels

Perfect to entertain the children, these wall games can be fitted onto walls in the playground to utilise and increase the available play space. Wall Activity Panels are constructed from powder coated, galvanised sheet steel and have neatly folded edges.

All the Wall Activity Panels have an approximate size of 900mm by 900mm and come complete with magnetic plastic pieces which provide hours of fun and can be taken in at night. They can be easily installed with fixings, which are supplied.

# ➤ Case Study

## Harris Primary Free School

Harris Primary Free School opened in September 2012 to meet the huge demand for primary places in the area. The school started off with 60 children in a Reception year and grows by a new year group every September.

“Sovereign listened to all our requirements and as a result, has transformed our playground and made such a difference, with the children now enjoying all aspects of outdoor play. The multi-coloured safety surface has completely brightened up what was once a dull barren play space and the whole school was amazed at how quickly Sovereign turned the project around, from quotation to completion, taking only a month!”

**James McFarland, Projects Manager, Harris Primary School**

A photograph of a wooden shelter with a grey roof and wooden pillars. Inside the shelter, there are two wooden lockable boxes and a bike rack. The shelter is situated on a grassy area with trees in the background.

# Storage Ideas

Every school and nursery has bikes, scooters, outdoor games, skipping ropes, gardening tools and sandpit toys that need to be put away. Our storage products have been specifically designed to remain robust and secure to provide you with practical solutions for all outdoor belongings.

**LOCKABLE BOXES**

**BIKE/SCOOTER RACKS  
AND SHELTERS**

STORAGE IDEAS

www.sovereignplayequipment.co.uk

## Lockable Storage Box

Where better to keep outdoor games, skipping ropes, gardening tools and sandpit toys than right next to where they are going to be used? Designed to keep equipment safe and secure when it's not being used, this ideally suited padlockable storage box is a must for all playgrounds.

### ➤ Prices

## Welly Storage Bench

A useful addition to any playground, our welly storage bench provides adequate storage for all those messy welly's in the removable containers provided, and can be shut away for safe keeping. If that wasn't enough, it doubles up as a bench to help the children put their welly's on. The bench can also be used to store a variety of other items, and notes can be kept on the chalkboard doors.

# Playground Graphics

An excellent way of enhancing any plain tarmac playground is to add exciting and colourful graphics. Our Thermoplastic Playground Markings are long lasting, self-cleaning, extra reflective, free of lead and chromates, non-slip and are available in excess of 100 different designs and colours!

**ACTIVITY TRAILS**  
**ROAD MARKINGS**  
**FUN CHARACTERS**  
**ACTIVITY GAMES**

# Premium Sports Zone

It could be sports day every day with this activity-packed playground marking that incorporates over ten school favourites, including running, jumping and balancing activities. Complete with an award podium, this marking can be incorporated into lessons, after school activities or simply for fun at break times.

All our Markings come complete with a FULL 5-YEAR WARRANTY which not only covers colour performance, but also the application. Please contact our office to arrange for one of our experienced Area Managers to call and produce a tailored design for your school.

## Prices

### Premium Sports Zone

Technical Details  
Product Code: STHPSZ  
Size: 30 x 15m

**Price: £5,495.05**

#### CONDITION OF SURFACE

The surface must be free of dirt, dust, chemicals and any significant oily substances.

Our Thermoplastic Playground Markings cannot be supplied on top of old or cold plastic, although they can be applied on top of other thermoplastics, provided these are already well adhered to the surface.

Prior to applying the markings, the school will need to ensure that there are no loose aggregates on the surface where the markings are to be supplied.

Sovereign may need to charge extra for preparation and cleaning of the surface prior to marking if this has not been done.

Sovereign is able to create individual designs, providing basic artwork is supplied, by quotation only.

As our policy is one of continuous improvement, we reserve the right to change specifications without prior notice.

All designs include the detail and lettering shown. Additional details and alterations can be undertaken subject to price verification.

#### PLEASE NOTE

The minimum order value for Playground Graphics is £1,000 plus VAT. All prices exclude VAT. Terms and conditions available on request.

# Activity Trails

The In-Out trail is so much fun they won't realise they are getting great exercise and education at the same time. This trail ticks the exercise, numeracy and literacy boxes. Balance your way along the wobbly walk, count the circle activities and hopscotch, read the instructions for each section and remember don't walk on the cracks!

## Prices

### 1. In-Out trail

All prices are subject to minimum installation and delivery charges.  
All prices exclude VAT. Terms and conditions available on request.

# Junior Multi Use Goals

As children become older their play needs start to change. Games requiring an increased element of skill that encourage healthy competition become more popular, such as netball, cricket, hockey, basketball and football become more popular.. Here at Sovereign we recognise these needs and offer a multi use games wall for the sports you want to play.

£717.84

CFH (Critical Fall Height). IAR (Intend Age Range). Prices based on installation into grass.

# Trampolines

With its strong safety net and padded galvanised steel enclosure this trampoline is a great option for playtime, PE classes and general exercise. A unique vented jump mat allows trapped air to escape for an optimum bounce, and a pre-assembled safety door with an inward opening system provides easy access and safety for all users. Trampolines comply to EN1176 & EN913 for playground and gymnastic use.

## Prices

### Supply with installation into grass

10ft - Infant Children	£4,564.92
12ft - Junior Children	£5,276.30
1.75m Sunken Mini Trampoline	£8,233.25

### Supply with installation into tarmac

10ft - Infant Children	£4,914.15
12ft - Junior Children	£5,695.38
1.75m Sunken Mini Trampoline	£8,422.59

Minimum Space Required:	10ft: 6048mm x 6048mm
	12ft: 6658mm x 6658mm
	Sunken Mini: 4250mm x 4250mm
Safer Surfacing Area:	10ft: 6048mm x 6048mm
	12ft: 6658mm x 6658mm
	Sunken Mini: 4250mm x 4250mm

Intended Age Range +3 Years

Free Height Of Fall 600mm

Safety surfacing is not required for use on any surface, however Sovereign strongly recommend surfacing if installed into tarmac. Sunken Mini Trampoline will require surfacing onto any surface.

# Adventure Towers

In addition to encouraging co-ordination, confidence and balance, our low-level and high-level towers provide plenty of opportunities for both active and interactive play for young people of all ages.

**ROPE BRIDGES  
SLIDES AND HIGH DECKS  
ROCK AND LOG CLIMBERS  
FIREMAN POLES**

# Waterfall Range

Testing their limits is natural for children and with the brand new Waterfall range they'll certainly do that! Climbing some of the most challenging routes, up the loop climber, across the nets – the children will stretch themselves both physically and mentally.

The Waterfall is the latest urban offering that will work perfectly in any landscape, bringing a modern take to play.

Also available in all metal.

# ➤ Case Study

## Elmbridge Borough Council

Elmbridge Borough Council in Surrey has provided an exciting new play area for toddlers and young children in the Hurst Meadow area. Lying alongside the River Thames in Elmbridge, upstream of Hampton Court Bridge, Hurst Meadow is a popular open space and a lovely landscape, so the bespoke water and nature theme created by Sovereign was just right.

“These improvements have made a valuable contribution to the area, and the safety surface graphics, themed to match the style of equipment, are the best we have seen so far in Elmbridge.”

**Philip Robinson, Senior Parks Development Officer for Elmbridge Borough Council**

# ➤ Special Needs

We are adept at creating play spaces that encourage children of all abilities to take part. Our team is on-hand to give advice on products and a playground design that will best suit specific special needs and requirements.

## ➤ Talk Tubes

Our new talk tubes provide hours of fun for all ages. A great playground addition to help develop communication skills. Particularly beneficial for children less confident in face to face discussions.

# Special Needs

Our products contain many features that can assist children with disabilities. Both safe and durable, our equipment not only offers a means of enjoyment, but promotes imaginative, creative and co-operative development. From exploring and stimulating their senses to interacting and participating in activities with their peers, Sovereign ensures every child gets the most out of its play resources.

“Sovereign listened very carefully and really understood the needs of the children. They were very flexible and efficient. They have also come up with creative ideas about how to adapt equipment in a cost effective way. I would recommend them.”

**Jane Herring,**  
Head Teacher of Springside School

# Surfacing

No matter how safe the equipment, there is always a risk that a child will trip or lose their grip and fall. Sovereign takes this seriously and therefore all Sovereign's safer surfacing is designed and installed to comply fully with BS EN 1177. These surfaces range from bark chippings to full coloured wetpour. Each individual surfacing has its own characteristics in terms of appearance, anti-vandalism, structure and cost.

## ➤ Grass Saver/Grass Guard

Sovereign's grass matting surfacing is ideal for areas that require protection against erosion from foot traffic. It is perfect for both low and high level adventurous play equipment. Matting is available, tested to BS EN 1177, up to a CFH of 3m onto well kept grass.

### Critical Fall Height (CFH)

The Critical Fall Height is calculated by the maximum intended height for play from which a child could fall and the ground level. The thickness and area of safer surfacing will depend on the Critical Fall Height.

All safer surfacing has been shown on each item that requires it and shows the CFH and quantity required.

## ➤ Bark Chippings

Sovereign only uses a Deluxe Hardwood Chip safer surface that has virtually all the dust and fine particles removed. Designed specifically for high movement areas, it also has high fire resistance compliance to BS 4790:1987.

**Installation:** The Bark Chippings are usually retained using log edging. BS EN 1177 recommends that all loose fill surfacing is laid to a depth of 300mm unless the play equipment has a CFH of under 600mm, where a depth of 100mm deep surfacing can be used.

**Maintenance:** Regular checks for foreign objects in the bark. Bark will require regular forking and raking to maintain the required depth.

## ➤ Bonded Rubber Mulch

Long-lasting and available in a spectrum of colours, Bonded Rubber Mulch is a popular form of safety surfacing made from shredded rubber chippings. It is slip resistant, comfortable to walk on and highly versatile. The depth of surfacing required varies according to the CFH of the equipment.

**Installation:** Bonded Rubber Mulch can be laid in a variety of ways directly onto existing well drained worn or well kept grass areas with a geotextile underlay. By laying it this way, the surface follows the contours of the grass. Or, as an alternative, by removing the top turf layer to give a flatter finish.

**Maintenance:** Virtually maintenance free. There is some minor migration of the rubber with normal usage.

### Colours Available:

## ➤ Wetpour

Sovereign only uses a high quality EPDM Wetpour Safer Surface that can be laid directly onto a hard, sound, existing surface, or onto pre-prepared base works. The depth of surfacing required varies according to the CFH of the equipment.

**Installation:** Wetpour has great versatility. As it is laid 'wet', it can be formed into imaginative shapes and also follow contours. Combinations of colours can be used to brighten up dull spaces, and inlay techniques can be used to create an attractive stimulating play environment.

**Maintenance:** Wetpour is virtually maintenance free and is probably the most cost-effective safer surface currently available.

### Colours Available:

## ➤ Artificial Grass

Sovereign offers a range of Artificial Grass surfacing that can be used in a variety of circumstances. Either to meet BS EN 1177 standards or to aesthetically improve a dull grey tarmac space.

**Installation:** Artificial Grass can be laid onto an existing grass or soil area, with minimal ground preparation. It can also be directly laid onto tarmac and other similar hard surfaces.

**Maintenance:** There are no specific maintenance requirements. A regular check for foreign objects in the fibres is recommended in the deeper surfaces, along with occasional brushing to maintain the pile.

## ➤ Vivid Grass

Vivid Grass is a new artificial grass designed to offer a whole new dimension to outdoor play and learning environments. Vivid Grass comprises of unique soft and dense dual coloured fibres which inject colour and brighten up your environment.

**Installation:** Vivid Grass can be laid onto an existing grass or soil area, with minimal ground preparation. It can also be directly laid onto tarmac and other similar hard surfaces.

**Maintenance:** There are no specific maintenance requirements. A regular check for foreign objects in the fibres is recommended along with occasional brushing to maintain the pile.

**Colours Available:**

# Fencing and Gates

Safe and secure entrances, exits and boundaries not only allow children to roam and explore freely, but provide parents and teachers with peace of mind.

## ➤ Bow Top Fencing

# Sponsored Athlete

## Sovereign supports young athlete's sporting journey

Sovereign is helping a young athlete achieve her dreams with a sponsorship that will see her take on regional, national and international sport championships.

Kiera Tippet, from Benfleet, is a multi gold-winning Triathlete and GB Biathlete.. With a goal to strive in her sporting career, which has already seen her represent and win gold for Great Britain in a number of championships, she has secured backing from Sovereign. This sponsorship will help finance the race entries needed to enable Kiera to qualify in games such as the World Triathlon Championships, which would see her compete as far afield as Tbilisi, Chicago and Australia.

Commenting on the sponsorship, Darran Hine, Sales Director at Sovereign said: "Kiera is a very talented and ambitious young athlete and we're proud to be sponsoring her. Promoting active lifestyles in young people is important to the whole team at Sovereign and we hope that our sponsorship will help Kiera pursue her sporting journey in the best way possible – as well as encourage many other youngsters to recognise their own potential."

Since the age of eight, Kiera has competed regionally, nationally and internationally in many sports including triathlon, biathle, biathlon, pentathlon, heptathlon, cross country, athletics, swimming and cycling. Kiera's recent success is winning Sports Personality of the Year for Castlepoint & Rochford 2016.

Darran continued: "Kiera has dreams of reaching the Commonwealth Games and the Olympics – and having qualified to represent Great Britain previously in three European championships and a world championship, the whole team at Sovereign are excited to see where the future months take her."

# Best Value Assured

Sovereign is an ISO 9001 registered company with over 10,000 installations under its belt. We are one of the UK's leading play equipment companies specialising in the advice, design and installation of play spaces to the education sector. Sovereign is renowned for the high quality of its products.

# Best value assured

## Quality Guaranteed

- Our main timber posts are slow grown from managed, sustainable sources and pressure treated to exacting standards.
- Our trail support posts are circular to reduce the risk of injury. With added safety in mind, they are machine rounded with chamfered edges, avoiding the risk of injury from splinters or sharp edges.
- Our metal components are either made from stainless steel or steel that has been put through pre-treatment processes to provide non-toxic, weatherproof and extreme atmospheric resistance properties.
- All our hardware is hidden with plastic caps to cover any bolt holes to protect children against potential finger traps, sharp corners and to deter vandalism.
- We only use galvanised steel core ropes that are nylon coated with hydraulically pressed ends.
- All joints and connectors are made from heavy-duty metal or moulded plastic.
- Our roof units and coloured panels are manufactured from co-extruded, high density polyethylene, which benefits from being vandal resistant, chemical resistant, UV stable, and provide excellent wipe clean surfaces.
- When installing safer surfaces, we calculate the critical fall height and install to the correct depth in accordance with BS EN 1177 standards.
- Our playground markings are made with the best product materials available for long lasting, extra reflective, free of lead and chromates and non-slip graphics.

## Warranties

All our main timber components are covered by a 20-year warranty covering rot and infestation.\*

All our thermoplastic playgrounds markings are covered by a 5 year warranty, EPDM wet pour safer surfaces are covered by an installation warranty of 12 months, and Product warranty of 5 years.\*

Our metalwork comes with a 25 year warranty against failure (metal fatigue), our metal components come with a 5 year warranty against failure.

Mulch warranty - installation one year, product five years.\*

This warranty will not apply to items sold on a Supply Only basis.

## Accreditations and Certifications

Sovereign has been awarded a number of recognised accreditations and certifications. We adhere and strictly comply with British and European safety guidelines including BS EN 1176 and 1177.

Sovereign are pleased to be an FSC® (Forest Stewardship Council®) certified company. The Forest Stewardship Council® is an international nongovernmental organization that promotes environmentally appropriate, socially beneficial, and economically viable management of world's forests.

\*Normal wear and tear, acts of vandalism and accidental damage excluded.

## Design and Planning

Our team of Area Managers are fully versed on all safety guidelines and in order to assist with the complex issues involved are able to provide a FREE consultancy and design service. We will visit and survey your site - at no cost to you - and then offer advice on the selection and layout of equipment. If required, our in-house design team will produce computer aided plans, drawn to scale. All items of equipment will be shown, using minimum use zones and areas of safer surfacing where applicable. Also included, will be a full breakdown of costs, together with installation charges. There will be information regarding prompt payment discounts and lease purchase options that are available to you. We recommend that potential customers take advantage of this free, no obligation service as we firmly believe that it brings the best results.

## Installation and Supervision

All orders are produced to strict quality controls with a typical turnaround time of six to eight weeks. A complete installation service is available using our own fully trained and experienced constructors who work to the most exacting standards. However, alternatively we can deliver equipment to your site on a supply only basis together with full installation instructions. If required, a Supervisor can be provided to oversee the customer's own installation team.

The mark of responsible forestry

## Health and Safety

Sovereign is a member of RoSPA (The Royal Society for the Prevention of Accidents). We are also CHAS (Contractors Health and Safety Assessment Scheme) accredited.

## Aftercare

Our Sovereign Compliance offers inspection and maintenance contracts via a national team of RPII (Register of Play Inspectors International) qualified personnel, who carry out frequent post installation inspections. Each installation comes complete with a complementary After Care Manual available from our website, that contains useful safety and maintenance guidelines, including check sheets for performing weekly routine inspections.

## Why Choose Sovereign?

### We offer:

- Access to our experienced and knowledgeable sales force who will undertake, at a time convenient to you, a free site visit to discuss your requirements, budgets and timescales
- A free presentation pack containing scaled designs, specifications and a full breakdown of individual costs
- Peace of mind that Sovereign is a diligent company used to working in schools, colleges, nurseries, commercial and local authority sites
- DBS (Disclosure Barring Service) checked personnel, strong warranties and a reliable after sales service.

## Continuing Improvement

As our policy is one of continuous improvement we reserve the right to change colours and specifications shown within this catalogue without prior notice. We will however endeavour to keep customers informed at all times.
