

## Project Strapline...

Leaving a lasting legacy in Bracknell

**Client**

Bracknell Town  
Council

**Location**

Mill Park

**Value**

£115,000

## Client Testimonial

"The over all outcome of the project was a great success the project was started and finished on time. The project was handled from start to finish by Proludic and was managed to a very high standard the response from the company was excellent. The use of different zones have worked very well we have fitness zone which has proven to be very popular for all ages. We also included a sensory garden into the project and this is very well used by everyone."

## Challenge

The aim of the project was to give Bracknell a lasting legacy from the Olympics and to get young and old all using the same area to play and exercise in. We also wanted to have an inclusive area for able body and disabled alike for all to enjoy. We also wanted to include different organisations in the project and this was achieved with the help from The Borough council and the Bracknell Forest Homes who help off set cost of the project.

## Proludic Solution

Proludic were chosen for many reasons but the main one being their enthusiasm and commitment to set out and give this country something to be proud by leaving a sports legacy for future generations to enjoy and keep fit. The company were also very helpful at the planning of the project and gave Bracknell every help and encouragement, and advised us with the correct equipment for the site.
