

Springers

Technical specification

J986

1- The 110mm diameter posts are made of galvanized steel.

2- The 60mm diameter tubes are made of lacquered steel guaranteeing lasting durability and reliability of the equipment.

3- The footrests are made of shock-absorbing rubber with non-slip surfaces.

4- The springs are made from Grade 35SCD6 steel, shot blasted, stress relieved, zinc coated and finished with two coats of epoxy polyester powder. Proludic have patented an exceptionally strong and secure polyamide fixing for the spring, ensuring a long product life.

5- The stainless steel fixings are protected by polyamide anti-vandalism caps.
