

Springers

(technical specification)

J49105

1- **The boards** are made from sap free robinia (plank sizes: 22 / 27mm). The robinia is sanded and has had its bark removed. Robinia is naturally rot proof and does not require any additional chemical protection; it is equally extremely resistant to attacks from external sources (insects, fungi, climatic variations), guaranteeing the long term durability of the playground equipment.

2- **The tubes** are made of 40mm diameter stainless steel, guaranteeing lasting durability and reliability of the equipment.

3- **The springs** are made from Grade 35SCD6 steel, shot blasted, stress relieved, zinc coated and finished with two coats of epoxy polyester powder. Proludic have patented an exceptionally strong and secure polyamide fixing for the spring, ensuring a long product life.

4- **The fixings** are made of stainless or plated steel and protected by anti-vandalism polyamide caps.
