

AEL Radiator Valve

Collection

AEL
HEATING SOLUTIONS

The Finishing Touch

This unique AEL radiator valve collection includes over forty styles of Chrome, Brass, Nickel, or Antique finish, Thermostatic, Wheelhead and Lockshield valve sets available from stock. Probably the largest selection available in the UK.

Thermostatic Valve Sets

When ordering valve sets please check that the correct product codes are used, preferably with a description.

Valve control required.....Thermostatic
 Valve body style.....Angled (Ref 8) or Straight (Ref 9)
 Colour Finish.....AB antique brass, AC antique copper, BN brushed nickel, C chrome,
 NB nickel black
 Pipe connection.....15mm copper, 22mm copper, 1/2" Screwed, 3/4" Screwed

Example of order code:

T A8 AB 15 (Thermostatic, angled body, antique brass, 15mm copper connections)

NOTE: The valves shown above are 15mm copper connections, the body shape may change slightly to accommodate larger pipe diameters or screwed pipe, please check availability of preferred colour and style combinations and if a bi-directional TRV is required before ordering

All thermostatic valve heads shown above are tamper proof and can be locked in a fixed temperature setting - ideal for public buildings.

Traditional thermostatic valve sets

When ordering valve sets please check that the correct product codes are used, preferably with a description.

Valve control required.....Thermostatic
 Valve body style.....Angled (Ref 17 or 18)
 Colour Finish.....**AB** antique brass, **PB** polished brass, **AC** antique copper, **BN** brushed nickel, **C** chrome, **NB** nickel black
 Pipe connection.....15mm copper, 22mm copper, 1/2" Screwed, 3/4" Screwed

Example of order code:

T A17 AB 15 (Thermostatic, angled body, antique brass, 15mm copper connections)

NOTE: The valves shown above are 15mm copper connections, the body shape may change slightly to accommodate larger pipe diameters or screwed pipe, please check availability of preferred colour and style combinations and if a bi-directional TRV is required before ordering

Rear entry and exit valve sets for back access from wall

When ordering valve sets please check that the correct product codes are used, preferably with a description.

Valve control required.....Thermostatic or Manual

Valve body style.....Rear Entry (Ref 19,20,21,22)

Colour Finish.....**AB** antique brass, **PB** polished brass, **AC** antique copper, **BN** brushed nickel, **C** chrome, **NB** nickel black

Pipe connection.....15mm copper, 22mm copper, 1/2" Screwed, 3/4" Screwed

Example of order code:

RE19 AB 15 (Thermostatic, angled body, antique brass, 15mm copper connections)

NOTE: The valves shown above are 15mm copper connections, the body shape may change slightly to accommodate larger pipe diameters or screwed pipe, please check availability of preferred colour and style combinations and if a bi-directional TRV is required before ordering.

*Please specify if the flow into the radiator (TRV) is on left or right side of the radiator

Printer: Extra 12mm trims off flap to avoid 4 punch holes
