

Bins for Indoor Spaces

A range of stylishly designed bins ideal for use in busy offices, reception areas, bustling precincts and communal spaces.

Standard Amberol Features

- Key opening bins are provided with secure slam locks for added security
- One free, fire retardant inner liner is supplied with each bin
- Bins are made with recyclable polyethylene, are virtually maintenance free and are carbon friendly
- Available in 18 standard colours (see colour chart page 43)
- Optional custom branding for personalisation and sponsorship

Please note, whilst every effort has been made to be accurate, capacities may vary slightly. All Amberol bins are robust and long lasting. They are made from recyclable roto-moulded polyethylene and can be used indoors or out.

Enviro-Bin wall mounted

A styled, contemporary looking bottom hinged bin. Lockable front drops down safely when released for quick and easy emptying of inner liner.

Product Code	Height mm	Width mm	Depth mm	Capacity ltr
ACT-1P	730	470	260	50

Westminster Bin

A classic piece of indoor furniture, floor standing and well designed with double bands top and bottom. Available with easy to use bayonet fitting hood. Inner liner with recessed handles is quick and easy to lift to empty.

Product Code	Height mm	Diameter mm	Capacity ltr	Type
WLB-1P	820	500	90	Open Top
WLB-TP	1070	500	90	Hooded Top

Hooded Top

Clear-way Slim Bin

A reasonably sized bin with flat back and generous proportions designed not to protrude into walkways or impede footfall. Ideal for busy offices, in canteens or alongside vending machines and water coolers, especially where accessibility is important. An easy to access wheeled liner pulls out for quick and efficient emptying.

Product Code	Height mm	Width mm	Depth mm	Capacity ltr
SLM-0P	1130	550	400	100

Clear-way Confidential

A practical solution to a growing corporate demand, this secure up-market bin provides safe storage and disposal of highly confidential waste. A narrow slit in the top prevents retrieval of waste. The side hinged door has three point locking system with security key.
