Case Study:

Railway Station Cycle Parking

Cycle-Works was founded to bring high-quality bike parking to the UK. The company installed Britain's first individual bike lockers at Eastleigh in 1996 and Britain's first high capacity two-tier racks at Surbiton in 2004. Cycle-Works has offers a whole range of cycle parking solutions and has installed cycle parking at stations throughout the country. Cycle-Works solutions focus on quality, usability and durability, with customisation options to fit any situation.
