

Dingle Nurseries

Established in 1968, Dingle Nurseries now extends to 150 acres, growing a full range of quality plants for the amenity market.

Complete orders are collated to the architects' specification and delivered at short notice direct to the landscape site.

Our interest in the horticultural trade continues to grow and our policy of high quality plants and service remains a priority.

We supply:

- Seedlings and transplants
- Herbaceous plants
- Specimen shrubs

- Semi-mature trees

- Feathered trees

- Conifers up to 7 metres

- Standard trees
