useful planting depth :
 models without supports = height -12 cm
 models with optional supports = height -25 cm

rounded finishing board
 of 3,5 x 5

Description

The hexagonal flower box is made of 4 x 12 cm boards. These boards are screwed together on the inside by means of metal corner profiles. The top is provided with a 5 cm wide and 3.5 cm high rounded finishing board. The bottom is made up of a 10 mm thick recycled sheet, provided with drainage holes, and is supported beneath by a cross bar. The flower box can be optionally provided with three 4 cm thick and 12 cm high legs.

75 x 75 x 50	56 kg
75 x 75 x 62	69 kg
75 x 75 x 74	82 kg

useful planting depth : height -23 cm

rounded finishing board
 of 3,5 x 10

Description

The square flower box has 4 corner posts of 10 by 10 cm as base. The corner posts are provided with grooves between which 4 x 12 cm horizontal boards are fixed. The top is provided with a 10 cm wide and 3.5 cm high rounded finishing board. The bottom is made up of a 10 mm thick recycled sheet, provided with drainage holes, and is supported underneath by a cross bar.

bi-colour options :

properties / material / look / maintenance

The boards are made of high quality recycled plastic, mass coloured : durable, weather-resistant, low maintenance, rotproof, recyclable. All metal fixing materials and parts are galvanised. The surface is knot free, evenly coloured and shows a faced, slightly shining structure.
