

brassware

sensorflow 21 electronic mixers

A range of compact water saving vandal resistant sensor operated brassware, including this mixer with adjustable temperature.

Both demand for hygiene and water saving is met by a range of "hands free" electronic taps, second to none.

Automatic shut off if sensor is obstructed for prolonged period.

- Commercial use
- Hygienic "no touch operation"
- DDA compliant
- Water saving
- Mains (transformed) supply or battery

Illustrated

A4176AA Sensorflow 21 electronic monoblock mixer with integral sensor, small lever temperature control, chromium plated - mains

Weight

1.8kg

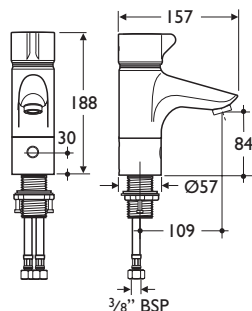

Options

A4177AA Sensorflow 21 electronic monoblock mixer with integral sensor, small lever temperature control, chromium plated - multi-box (up to 5 per A4176AA)

A4124AA Sensorflow 21 electronic monoblock mixer with integral sensor, small lever temperature control, chromium plated - battery

Special notes

Consideration should be given to safe hot water delivery and the use of an appropriate temperature reduction device
