

Landscape Masonry

Granite Steps, Wembley Plaza, London

Innovative design using natural stone features introduces originality to Scapes as well as bringing continuity to the overall look of the project. Using both traditional and modern stone masonry skills, Marshalls can offer co-ordinated stone products in a range of stone types and finishes including steps, radius steps, copings, edge detailing and bollards.

The possibilities are endless so our expert advice may be welcome.

Please contact a member of the specialist Natural Stone Sales Team or obtain a Natural Stone brochure for more details.
